WEDDING INFO PACKET

2018

WELCOME

Thank you for contacting Art'n'Ally about your wedding. This packet was created with an intention to answer questions you might have about the process of booking your wedding with Art'n'Ally. Please feel free to look over this packet and contact us if you have any additional questions at 781.664.0638 or love@artnally.com

COVERAGE refers to the time spent by our cinematographer(s) filming your wedding. Depending on your package there might be one, two or three cinematographers and/or editors working. Having this team allows us to cover more angles during important moments at the ceremony, first look, reception and speeches.

FEATURE FILMS are the main piece created from your wedding footage and depending on the amount of coverage recorded at your wedding and package option it can be from 4-20 minutes long. This film is the best edit that we can create and features detailed story-based video editing, audio design, color correction and industry standard file processing.

DOCUMENTARY EDIT is a chronological account of the entire wedding day, broken into chapters. This film includes all of the footage that didn't make it into the feature film edit: preparation, first look, ceremony, reception, speeches, dances and cake cutting. Everything is professionally recorded with multiple cameras and audio sources.

The delivery of your **WEDDING PACKAGE** is guaranteed on the two-month anniversary of your wedding day. You will receive a bubble wrapped envelope containing all of your material: your videos are playable on any computer or USB-device. Feature film will be as well uploaded to vimeo or youtube so you can share it with your friends and family.
